## EMERGENCY AND OTHER SERVICES

### Item 602

### ADVANCED MOBILE LOCATION (AML) SERVICE

#### General 602.1

(a) Advanced Mobile Location (AML) Service supports handset-based location protocols which provide location information for 9-1-1 calls made from smartphones that use an Android operating system (Android devices). AML Service supports Google's Emergency Location Service (ELS) for Android devices. AML Service enables the validation of ELS handset location information against Phase I and Phase II location information, such that only the more accurate of the Phase II location information or the handset-determined location information is sent to the PSAP.

(b) AML functionality is available to wireless service providers (WSPs), where WSP includes Cellular Service Operators, Service Operators providing Specialized, Mobile Radio/Enhanced Specialized Mobile Radio, Service Operators providing Personal Communications Services, and WSPs offering service in accordance with the Commission's directives applicable to Competitive Local Exchange Carriers. A WSP must be designated by Industry Canada to provide public mobile radio service in areas served by the Company. AML functionality is available to WSPs subject to a monthly rate per each of the WSP's wireless working telephone numbers equipped for outward calling within the Company's serving territory as set out below.

(c) Phase I Service and Phase II Service as set out in the Company's tariffs for its other operating territories must be implemented by the WSP in the operating territories set out below prior to receiving AML Service in that operating territory.

(d) AML Service is available to all WSPs served by the Company's 9-1-1 Network where Next Generation 9-1-1 Service (NG9-1-1) Service is available in the operating territories of the following incumbent local exchange carriers (ILECs):

1. Bell MTS in Manitoba;
2. Bell Canada in Ontario and Quebec;
3. Bell Aliant in New Brunswick, Nova Scotia, Prince Edward Island; and
4. Télébec, Société en commandite in Quebec.

## EMERGENCY AND OTHER SERVICES

### Item 602

### ADVANCED MOBILE LOCATION (AML) SERVICE

#### Terms and Conditions 602.2

- (a) AML Service is provided subject to the availability of suitable facilities.
- (b) AML Service is provided under the terms and conditions defined in this Tariff Item and in an executed AML Service Agreement (the "Agreement") between the Company and the WSP.
- (c) The WSP shall be responsible for providing, at its own expense, all necessary facilities and equipment required to interface with the Company's systems to receive AML Service.
- (d) The WSP shall construct, equip, maintain and operate its WSP Network so as to provide adequate 9-1-1 call processing to WSP end-customers consistent with the purposes and requirements of this Tariff Item and the Agreement.
- (e) The WSP shall be responsible for the location validation processes, specified in paragraph 50.7 of Telecom Decision CRTC 2023-235, for all wireless 9-1-1 calls originated from AML-compatible handsets on its network.
- (f) The Company will send AML data, using Hypertext Transfer Protocol Secure (HTTPS), to the WSP of the 9-1-1 caller, subject to the availability of data from the originating handset.
- (g) AML data is provided as a supplementary source of emergency location data. Additional user data may be provided, if available.
- (h) The Company will delete AML data after such data has been provided to the appropriate WSP, subject to applicable laws.

## EMERGENCY AND OTHER SERVICES

**Item 602**                      **ADVANCED MOBILE LOCATION (AML) SERVICE**

**Rates and Charges 602.3**      (a) The WSP shall pay to the Company the following rate for each of its wireless working telephone numbers equipped for outward calling within the Company's serving territory.

(b) For the purpose of calculating the charges payable, the WSP shall submit to the Company each month, an updated count of its wireless working telephone numbers in the Company's operating territory.

(c) The rates set out below for AML Service apply as appropriate in addition to the rates for Phase I Service, Phase II Service and Text with 9-1-1 Service (T9-1-1 Service) which are set out in the Company's tariffs for its other operating territories.

AML Service	
a. Monthly rate per wireless telephone number equipped for outward calling within the Company's serving territory	\$0.0007

(d) AML Professional Services Fee

(1) Except where otherwise specified, when the Company provides AML Professional Services, those services will be provided at the Company's discretion during regular hours (8h00 to 17h00, Monday to Friday excluding statutory holidays), and will be at the following hourly rates with a minimum charge of one hour.

(2) When AML Professional Services are provided outside regular hours, fees will be based on 1.5 times the Regular Time charge per hour. When AML Professional Services are requested outside regular hours with less than 72 hours prior notice to the Company, a minimum charge of four hours at 1.5 times the Regular Time charge per hour will apply.

	Regular Time, charge per hour
AML Professional Services	\$ 90.18
