80 NETWORK ANNOUNCEMENTS FOR CUSTOMERS OF DISCONNECTED IXCS WITH
FEATURE GROUP D SERVICE

1. GENERAL

- A. This service provides for a network announcement to be activated when an IXC with Feature Group D service is disconnected from MTS Inc.'s network, or otherwise ceases to provide its customers with access to long distance services. MTS Inc. will route all calls destined for the network of the disconnected IXC to a recorded announcement. When customers attempt to place calls on the network of the disconnected IXC, the announcement will inform customers that the IXC is no longer in service and direct such customers to contact another long distance service provider to establish service and/or to obtain instructions for making immediate long distance calls via casual dialing.
- B. A once-only charge as specified in (1) below is assessed for the creation of the announcement capability. This charge is assessed to each IXC having provided to MTS Inc., on the effective date of this tariff, an "Access Customer CARE (Customer Accounts Record Exchange) Profile" as referenced in Schedule 4 to the CSG Agreement. The charge is also attributed to MTS Inc.
- C. Each time an IXC with Feature Group D service is disconnected from MTS Inc.'s network, or otherwise ceases to provide its customers with access to long distance services, a charge as specified in (2) below is assessed for the activation of the recorded announcement. This charge is assessed to each remaining IXC having provided to MTS Inc., on the date that the announcement is activated, an "Access Customer CARE (Customer Accounts Record Exchange) Profile" as referenced in Schedule 4 to the CSG Agreement. The charge is also attributed to MTS Inc.

D. Rates and Charges	<u>Charge</u>	
(1) Once-only announcement creation fee	\$809.98	*
(2) Announcement activation charge, each occurrence	187.64	*
