Save on your Bell services with the Employee Discount Plan

If you are an eligible Bell pensioner*, you can save 35% on Bell Internet, Mobility, TV, Home phone and Bell Smart Home services through the Bell Employee Discount Plan (EDP). The discount applies to most recurring and one-time charges, with a few exceptions (see below).

You can also get the discount on services for your spouse and eligible dependants, as long as your household has at least one residential service under your name and all of the accounts are linked to your bill.

Promotional offer

Please note that the EDP cannot be combined with any acquisition or retention offers. EDP discounts will become active only after an acquisition offer has expired. The EDP does not give rise to a taxable benefit, as confirmed by the Canada Revenue Agency.

The monetary compensation offered to employees and retirees

was withdrawn in August.

In the interests of ensuring equity, all eligible employees and retirees must now subscribe to the 35% Employee Discount Program.

This promotes the purchase of Bell products and services, and ensures the perennity of the company you contributed to build.

Which dependants are eligible?

- Under age 18, or under age 25 if attending an accredited educational institution as a full-time student.

How do I sign up for EDP?

Please note that the hours for the Employee Discount Plan (EDP) team have changed. We are now available from **10 am to 3:30 pm** eastern time. To register for the EDP, or if you have any questions, please send an email to employee.services@bell.ca and our team will get back to you as soon as possible. You can always contact us by calling **1-888-391-0005**, selecting your language and choosing option 2.

The employee discount will apply one to two billing cycles following the enrolment requests and is not retroactive.

When ordering new Bell services or changing your plan, please call us again to update your account.
