BELL CANADA

Bell Canada was incorporated by special act of the Parliament of Canada in 1880 and continued under the Canada Business Corporations Act effective April 21, 1982. Bell Canada may also be legally designated as The Bell Telephone Company of Canada or La Compagnie de Téléphone Bell du Canada and it has its registered office at 1050, côte du Beaver Hall, Montréal, Québec, Canada H2Z 1S4 and its principal executive offices at 1800, McGill College Avenue, Montréal, Québec, H3A 3J6.

Bell Canada is the largest Canadian supplier of telecommunications services and, as a telecommunications operating company, owns and operates a public switched network for voice, data and image communications in the provinces of Ontario and Quebec.

Bell Canada owns a 100% interest in the Directory Business division of Tele-Direct (Publications) Inc. Bell Canada’s wholly-owned subsidiary, Bell Sygma Inc., is a data processing and systems integration company. Bell Canada also has a minority common equity interest in Bell-Northern Research Ltd.

BCE Inc. (“BCE”) indirectly owns all the outstanding voting shares of Bell Canada. BCE™ is Canada’s largest telecommunications company. Its services are provided by a number of Canadian and international telecommunications and directories subsidiary and associated companies, including Bell Canada. Northern Telecom Limited, a BCE subsidiary, is a global leader in the design and building of telecommunications networks.
RECENT DEVELOPMENTS

Various factors which have arisen or intensified since the beginning of 1997 are impacting the ability of Bell Canada to achieve its 1997 financial targets. These factors are described in the Outlook Section of the Financial Review contained in Bell Canada’s Quarterly Report for the second quarter of 1997. As a result of this situation, management has enacted a series of initiatives aimed at improving the ability of Bell Canada to meet its financial targets. However, attainment of the financial targets represents a significant challenge for Bell Canada and there is a risk that they will not be met.

On May 1, 1997, the Canadian Radio-television and Telecommunications Commission (“CRTC”) released several important decisions which set out the rules for the evolution to total competition in Canada’s telecommunications industry. Included in these decisions were those related to local competition and price cap regulation. The CRTC also instituted a proceeding to establish “going-in” basic local service rates, effective January 1, 1998, prior to the implementation of the price cap regime, and is expected to determine such “going-in” rates by the end of 1997.

The determinations to be made in this proceeding, together with the advent of competition in the local exchange market and the intensifying competition in the long distance market will increase uncertainty as to Bell Canada’s financial results beyond 1997. In addition, the same factors may require changes in accounting practices resulting in significant changes to the carrying values of assets and liabilities established under existing regulatory practives.

Finally, on August 29, 1997, Bell Canada announced its intention to redeem on October 15, 1997, prior to maturity, all of its outstanding $200,000,000 principal amount of 9.85% Debentures, Series DF, Due October 15, 2005, at a price equal to 100.45% of the principal amount thereof and all of its outstanding $175,000,000 principal amount of 11% Debentures, Series DG, Due October 15, 2004, at a price equal to 101.10% of their principal amount.

PLAN OF DISTRIBUTION

Under an agreement dated September 9, 1997, between Bell Canada and Nesbitt Burns Inc., CIBC Wood Gundy Securities Inc., RBC Dominion Securities Inc., Lévesque Beaubien Geoffrin Inc., ScotiaMcLeod Inc., TD Securities Inc., Midland Walwyn Capital Inc., Goldman Sachs Canada and J.P. Morgan Securities Canada Inc., as underwriters (the “Underwriters”), Bell Canada has agreed to sell and the Underwriters have agreed to purchase on September 24, 1997, or on such later date as may be agreed upon, but in any event not later than October 28, 1997, all but not less than all of $150,000,000 principal amount of Series EZ Debentures at a price of $99.913 per $100 of such principal amount of Series EZ Debentures, plus accrued interest, if any, to the date of delivery, payable in cash to Bell Canada against delivery of such principal amount of Series EZ Debentures. In consideration for their services in connection with this offering, Bell Canada has agreed to pay the Underwriters a fee of $0.90 per $100 of such principal amount of Series EZ Debentures. All fees payable to the Underwriters will be paid on account of services rendered in connection with the offering and will be paid out of the general funds of Bell Canada.

The Series EZ Debentures will be offered to the public at prices to be negotiated by the Underwriters with purchasers. Accordingly, the price at which the securities will be offered and sold to the public may vary as between
purchasers and during the period of distribution of the Series EZ Debentures. The Underwriters’ overall compensation will increase or decrease by the amount by which the aggregate price paid for the Series EZ Debentures by the purchasers exceeds or is less than the gross proceeds paid by the Underwriters to Bell Canada.

The obligations of the Underwriters under such agreement may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated by them or Bell Canada upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all such principal amount of Series EZ Debentures if any Series EZ Debentures are purchased under such agreement.

In connection with this offering, the Underwriters may over-allot the Series EZ Debentures offered by this short form prospectus or effect transactions which stabilize or maintain the market price of such Series EZ Debentures at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Series EZ Debentures have not been and will not be registered under the United States Securities Act of 1933 (the “Securities Act”) and, subject to certain exceptions, may not be offered or sold within the United States. The agreement, however, permits the Underwriters to reoffer and resell Series EZ Debentures purchased by them to certain qualified financial institutions in the United States provided that such reoffers and resales are made only in accordance with Rule 144A under the Securities Act (which Rule provides an exemption from registration under the Securities Act in connection with such reoffers and resales). In addition, until 40 days after the commencement of the offering, an offer or sale of Series EZ Debentures within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A under the Securities Act.

**USE OF PROCEEDS**

The net proceeds from the sale of the Series EZ Debentures offered hereby, after deducting offering expenses and the underwriting commission, will be added to the general funds available to Bell Canada to meet its cash requirements.

Ranking

In the opinion of Counsel, the Debentures and all debentures issued under an indenture entered into between Bell Canada and Morgan Guaranty Trust Company of New York dated as of April 1, 1976 and indentures supplemental thereto, will rank pari passu as unsecured obligations of Bell Canada.

Covenants

The Indenture contains covenants to the following effect:

1. Limitation on Liens. Subject to the exceptions set forth in Paragraph 3, Bell Canada will not issue, assume or guarantee any Debt secured by, and will not after the date of the Indenture secure any Debt by, a Mortgage upon any property of Bell Canada (whether now owned or hereafter acquired), without in any such case effectively providing concurrently therewith that the Debentures (together with any other Debt of Bell Canada which may then be outstanding and entitled to the benefit of a covenant similar in effect to this covenant) shall be secured equally and ratably with such Debt; provided, however, that the foregoing restrictions shall not apply to Debt secured by:

   (i) Purchase Money Mortgages;

   (ii) Mortgages on property of a corporation existing at the time such corporation is merged into or consolidated with Bell Canada or at the time of a sale, lease or other disposition to Bell Canada of the properties of a corporation as an entirety or substantially as an entirety;
(iii) Mortgages on current assets of Bell Canada securing Current Debt of Bell Canada; or

(iv) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Mortgage referred to in the foregoing clauses (i) or (ii) or any Mortgage existing at the date of the Indenture, provided, however, that the principal amount of Debt secured thereby shall not exceed the principal amount of Debt so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Mortgage so extended, renewed or replaced (plus improvements on such property).

2. **Limitation on Sale and Leaseback Transactions.** Subject to the exceptions set forth in Paragraph 3, Bell Canada will not enter into any Sale and Leaseback Transaction unless the net proceeds of the sale or transfer of the property involved therein have been determined by the directors of Bell Canada to be at least equal to the fair value of such property at the time of such sale or transfer and, either (i) the property sold or transferred could have been subjected to the lien of a Purchase Money Mortgage pursuant to the provisions of Paragraph 1 (i), or (ii) Bell Canada applies or causes to be applied an amount equal to the net proceeds of such sale or transfer within 120 days of the receipt thereof to the retirement (whether at maturity or by prepayment) of Debt of Bell Canada which was Funded Debt at the time of original issuance, assumption or guarantee thereof.

3. **Additional Permitted Liens and Sale and Leaseback Transactions.** In addition to Mortgages and Sale and Leaseback Transactions permitted by Paragraphs 1 and 2, Bell Canada may:

   (i) issue, assume or guarantee any Debt secured by, or secure after the date of the Indenture any Debt by, a Mortgage upon any property of Bell Canada (whether now owned or hereafter acquired); and

   (ii) enter into any Sale and Leaseback Transaction

if, after giving effect thereto, the sum of (a) the aggregate principal amount of Debt secured by Mortgages of Bell Canada permitted only by this Paragraph 3 plus (b) Attributable Debt existing at such time in respect of Sale and Leaseback Transactions of Bell Canada entered into after the date of the Indenture and permitted only by this Paragraph 3, does not at such time exceed 5% of the Net Worth of Bell Canada.

4. **Limitations on Issuance of Additional Funded Debt.** (a) Bell Canada will not issue, assume or guarantee any Funded Debt (other than Funded Debt secured by Purchase Money Mortgages and other than Funded Debt issued as an extension, retirement, renewal or replacement of Debt which was Funded Debt at time of original issuance, assumption or guarantee without increasing the principal amount thereof) ranking equally with the Debentures unless Earnings Available for Payment of Interest Charges during any period of 12 successive calendar months selected by Bell Canada out of 18 such months next preceding the date of the proposed issuance, assumption or guarantee of the new Funded Debt shall have been not less than one and three-quarters times the sum of (i) annualized interest charges on all Funded Debt outstanding at the date of such proposed issuance, assumption or guarantee (except Funded Debt held in any purchase, sinking, amortization or analogous fund and Funded Debt to be retired by the Funded Debt proposed to be issued or to be retired by Funded Debt issued since the beginning of such 12 month period) plus (ii) annualized interest charges on the Funded Debt proposed to be issued, assumed or guaranteed.

   (b) Bell Canada will not issue, assume or guarantee any Funded Debt (other than Funded Debt secured by Purchase Money Mortgages and other than Funded Debt issued as an extension, retirement, renewal or replacement of Debt which was Funded Debt at time of original issuance, assumption or guarantee without increasing the principal amount thereof) ranking equally with the Debentures unless all Funded Debt of Bell Canada outstanding at the date of such proposed issuance, assumption or guarantee (except Funded Debt held in any purchase, sinking, amortization or analogous fund) shall not exceed 66% of the Tangible Property of Bell Canada (after giving effect to such issuance, assumption or guarantee and the receipt and application of the proceeds thereof).

The terms Attributable Debt, Current Debt, Debt, Earnings Available for Payment of Interest Charges, Funded Debt, Mortgage, Net Worth of Bell Canada, Purchase Money Mortgage, Sale and Leaseback Transaction, and Tangible Property of Bell Canada are defined in the Indenture.

**Modification**

The Indenture and the rights of the holders of Debentures may in certain circumstances be modified. For that purpose, among others, the Indenture contains provisions making extraordinary resolutions binding upon all holders of Debentures. “Extraordinary resolution” is defined, in effect, as a resolution passed at a meeting of
Debentureholders by the affirmative votes of the holders of at least 66 2/3% of the principal amount of Debentures voted on the resolution at a meeting of Debentureholders at which a quorum, as specified in the Indenture, is present or as one or more instruments in writing signed by the holders of at least 66 2/3% in principal amount of all outstanding Debentures. In certain cases the modification requires separate assent by the holders of the required percentage of Debentures of each series.
