

GRI INDEX AND UNITED NATIONS' GLOBAL COMPACT

BCE Inc. 2009 Corporate Responsibility report

BCE's 2009 Corporate Responsibility Report addresses the United Nations' Global Compact principles and was prepared in reference to the new Global Reporting Initiative (GRI) G3 guidelines.

Global Compact reference numbers are in the left-hand column of this index. In compliance with the GRI, this index also identifies the location of each GRI element within our report. The index sections entitled *Vision and Strategy*, *Governance Structure and Management Systems*, *Profile*, *Economic Performance Indicators*, *Environmental Performance Indicators* and *Social Performance Indicators* address core GRI indicators. These indicators and their corresponding GRI reference numbers can be found in the middle columns of this table. The last section of this index covers telecommunications specific indicators.

To view Bell's response to each indicator, please click on the corresponding link in the right hand column. Some of the information required by GRI can be found in other sections of our site.

Telecommunications Sector Specific Indicators ²			
GRI #	Global Compact Principle	GRI Indicator Description	Bell's Response
Internal Operations			
Investment			
IO1	N/A	Capital investment in telecommunication network infrastructure broken down by country/region.	Not reported
IO2	N/A	Net costs for service providers under the Universal Service Obligation when extending service to geographic locations and low-income groups, which are not profitable. Describes relevant legislative and regulatory mechanisms.	Not reported
Health and Safety			
IO3	N/A	Practices to ensure health and safety of field personnel involved in the installation, operation and maintenance of masts, base stations, laying cables and other outside plant. Related health and safety issues include working at heights, electric shock, exposure to EMF and radio frequency (RF) fields, and exposure to hazardous chemicals.	Not reported
IO4	N/A	Compliance with ICNIRP (International Commission on Non-Ionizing Radiation Protection) standards on exposure to RF emissions from handsets.	Not reported
IO5	N/A	Compliance with ICNIRP guidelines on exposure to RF emissions from base stations.	Not reported
IO6	N/A	Policies and practices with respect to Specific Absorption Rate (SAR) of handsets.	Not reported
Infrastructure			
IO7	N/A	Policies and practices on the siting of masts and transmission sites including stakeholder consultation, site sharing, and initiatives to reduce visual impacts. Describe approach to evaluate consultations and quantify where possible.	Not reported
IO8	N/A	Number and percentage of stand-alone sites, shared sites, and sites on existing structures.	Not reported
Providing Access			
Access to Telecommunication Products and Services: Bridging the Digital Divide			
PA1	N/A	Polices and practices to enable the deployment of telecommunications infrastructure and access to telecommunications products and services in remote and low population density areas.	Partly reported: 2009 CR report – Customers – Service access Page 8

² The GRI Telecommunications Sector Supplement was released in a pilot version in July 2003 as an attempt to provide sustainability reporting guidance to the telecom sector that is helpful to service providers and manufacturers alike. The final version as not been released at this time.

PA2	N/A	Policies and practices to overcome barriers for access and use of telecommunication products and services, including: language, culture, illiteracy and lack of education, low income, disabilities and age. Include an explanation of business models applied.	Partly reported: 2009 CR report – Customers – Special needs customers Page 8
PA3	N/A	Policies and practices to ensure availability and reliability of telecommunications products and services and quantify, where possible, for specified time periods and locations of down time.	2009 CR report – Customers – Service reliability Page 9
PA4	N/A	Quantify the level of availability of telecommunications products and services in areas where the organization operates.	2009 CR report – Customers – Service reliability Page 9 Wireless - Coverage and Travel
PA5	N/A	Number and types of telecommunication products and services provided to and used by low- and no-income sectors of the population.	Not reported
PA6	N/A	Programs to provide and maintain telecommunications products and services in emergency situations and for disaster relief.	2009 CR report – Customers – Service reliability Page 9
Access to Content			
PA7	N/A	Polices and practices to manage human rights issues relating to access and use of telecommunications products and services.	2009 CR report – Customers – Customer protection Page 7
Customer Relations			
PA8	N/A	Policies and practices to publicly communicate on EMF related issues.	Not reported
PA9	N/A	Total amount invested in programs and activities in electromagnetic field research.	Not reported
PA10	N/A	Initiatives to ensure clarity of charges and tariffs.	Bell Clarity commitment
PA11	N/A	Initiatives to inform customers about product features and applications that will promote responsible, efficient, cost effective, and environmentally preferable use.	2009 CR report – Customers – Solutions for society and the environment Page 10
Technology Applications			
Resource Efficiency			
TA1	N/A	Provide examples of the resource efficiency of telecommunication products and services delivered.	2009 CR report – Customers – Solutions for society and the environment Page 10
TA2	N/A	Provide examples of telecommunication products, services and applications that have the potential to replace physical objects.	2009 CR report – Customers – Solutions for society and the environment Page 10
TA3	N/A	Disclose any measures of transport and/or resource changes of customer use of the telecommunication products and services listed above.	2009 CR report – Customers – Solutions for society and the environment Page 10

TA4	N/A	Disclose any estimates of the rebound effect (indirect consequences) of customer use of the products and services listed above, and lessons learned for future development.	Not reported
TA5	N/A	Description of practices relating to intellectual property rights and open source technologies.	Not reported
