

Support for diversity extends to our supplier relationships

The values of diversity and inclusion in the workplace extend into the supplier community at Bell.

Launched in 2014, Bell's supplier diversity program promotes equal sourcing opportunities to capable diverse suppliers which allows us to better reflect the diverse customers and communities we serve.

Inclusion matters

Bell's supplier diversity program encourages the active inclusion of diverse businesses, owned and managed by women, visible minorities, Indigenous peoples, LGBT+, veterans and/or persons with disabilities.

Bell's Procurement team has corporate memberships with five Canadian supplier diversity certifying organizations:

We sponsor and participate in numerous supplier diversity industry networking events annually and maintain accessibility to a certified diverse supplier database to build awareness of a variety of certified suppliers to our company.
